OUR FEATHERED FRIENDS!

The majority of our feathered friends have flown the coop!!! With the onset of winter upon us and the pigeon removal contract having come to an end, time will tell, umm, spring will tell, if the stragglers have flown the coop!

Lest we forget

Town Hall Meeting

We, the Riverside Gate 2 Community, had our first Town Hall at the end of October. The Board received many questions, comments, and suggestions, before and during the Town Hall. All topics were addressed, and ranged from garage membrane, to finances, to electric vehicle charging stations, to landscaping, to boilers and to housekeeping, to name a few. The next Town Hall will be held in early January 2023

YOU HAVE A CHOICE

In the event of the alarm going off in the Building, you always have the choice to exit as quickly and safely as possible, or you may stay in your unit until you are given further instructions.

This may take a few minutes as the alarm will continue until the Fire Department arrives and investigates the cause. At that time, an announcement will be made over the system. You may silence the alarm in your unit by pushing the panel in your unit.

Many gathered to wish Steve luck and prosperity in his new career in Property Management. The large turnout shows just how much many of us cared about him. Thanks to the Social Committee and the Board. Steve was touched.

Dog Rules

Pet Rules: Domestic pets are welcome at Riverside Gate; yet they are subject to a number of rules. If we want pets to remain welcome here, it is important that all owners know and follow these rules. The rules apply to all pets, even those who are temporary visitors.

If you are a pet owner this is a simple reminder that our Riverside Gate Pet Rules can be found on page 40 of our Handbook, which is posted on our website.

In addition, Riverside Gate is located in the City of Ottawa, all regulations of the City apply on its property as well as on the nearby streets and in the woods.

Pets are pleasant companions and are welcome here whether this is home or they are guests and they must be leashed at all times while on the property.

COMING IN 2023 GREEN BINS

A GOOD IDEA

If you have to replace any of your appliances it might be a good idea to check with the Superintendent to be sure that your intended purchase will fit and be easy to install. He has a list of suggested appliances based on previous experiences in the building.

RG1 invited RG2 to participate in their Silent Art Auction event at the end of September. It was a wonderful and successful initiative. In excess of \$5K was collected through purchases and donations. This contributed to the well being of many tummies. Our Rivergate Community deserves a round of applause.
