

## New Webmaster

Robert Boisvert has been our Webmaster for close to fifteen years. He has taken on that responsibility with aplomb, and we thank Robert for his dedication in his role as Webmaster.

Our new Webmaster will be David Stewart-Patterson. David brings to the table experience in both building and managing a website on a similar platform. We thank David for volunteering and it is a pleasure to welcome David as our Webmaster.

The transfer of knowledge is well underway and David will be our new Webmaster before September.
