Dear Owners  
OCSCC 667 and OCSCC 769

**Re: Pool Rules Reminder**

We are writing with a friendly reminder about the pool rules. As you are aware we were given strict rules from the City to follow, regarding the number of bathers in the pool area, at all times.

The rule states that only 10 bathers can be in the pool area (pool and pool deck) at any time. On a few occasions we have noticed there are more than 10 bathers. This creates a risk of the pool being shut down or the Condominiums receiving a fine from the City.

Unfortunately, the City does pop by inspections so we can never be prepared.

Therefore, we wish to remind everyone of this rule and respectfully request that if you are entering the pool area and see that we have reached the maximum number of bathers to please come back at a later time.

We appreciate your cooperation.

Sincerely,  
Kimberly Renwick  
Property Manager for RGSF
